

YOUR BRAND FOR

BUSINESS LIVE ENTERTAINMENT.

PLEJ

business live entertainment.

**PLEJ IS A REGISTERED TRADEMARK OF
DEINEBAND ENTERTAINMENT GMBH.**

**THROUGH OUR NETWORK OF MUSICIANS AND
PARTNERS, WE ORGANIZE INTERNATIONAL
BUSINESS ENTERTAINMENT.**

our livebands stands for class & exclusive quality.

to stylishly accompany your reception or enchant with background music at a dinner we are bookable as a lounge band in different variations. as a walking act with guitar, percussion and singer, as a classic lounge band with piano, guitar and vocals or as an acoustic-pop trio with double bass, piano and singer. we will inspire your guests with musical ease, entertainment that inspires and precise, polyphonic singing. this creates a relaxed atmosphere right from the start and ensures that your guests feel completely at ease. we are happy to accompany you in addition to lectures and speeches or of course throughout a whole evening as main programme point or in the background. we work around the requirements for incentives, trade fairs or christmas parties.

are you planning a big event with high numbers of guests, but still want point-accurate live music?

then our walking acts are just right for you. these live bands are not tied to a stage, but can provide your guests with lounge and party music anywhere. a kind of 'stand-up' entertainment with live music! this band formation is musically very versatile. from discreet ballads in the background to a live session with party hits and music wishes on request, anything is possible. the best party mood guaranteed! in order to offer the greatest possible flexibility and the best up close experience, our walking acts appear as a trio or quartet including a singer. depending on your ideas and wishes a saxophonist or violinist can be integrated as a special show act, complemented by guitar, vocals or percussion. whether trade fair event or company anniversary, provide your guests with the most amazing close up experience in music.

as an alternative to the live band, we offer top DJs with live vocals for your event.

due to the additional acts, the performance receives live show character and excellent entertainment, while the advantage of a DJ is that all genres of song requests can be covered and can run all evening into the night. with this solution, we are able to combine both perfectly and offer unlimited flexibility as well as professional live performances: TOP DJs - combined with outstanding voices and an outstanding show! we work with a few but the best DJs in germany, which we combine with the most experienced singers. these perform the greatest hits live and entertain your guests at the highest level! you can also add live acts such violins or saxophones and make the show even more extensive.

impress your guests with an amazing stage show and celebrate parties that will never be forgotten!

with breathtaking voices, enchanting entertainment, perfect lighting and brilliant sound, we ensure with our event band that your guests will feel intoxicated and your company party will stand out for years. for each event we put the bands together with your input if you so wish and adjust the band cast exactly according to your ideas. this means we can not only change visually, but also musically and offer everything from the classic party band, tribute shows to the big event band with international stars.

our live band has been an integral part of the ART ONE ICE Golden Circle in zurich for many years and is constantly attracting stars such as the jacksons, emeli sandé, wyclef jean, nelly furtado, james morrison, jessie j or simply red to their audience.

you want your company party to be something super special? then get the greatest musicians of all time on the stage!

from world-renowned solo artists like amy winehouse or michael jackson to the most successful girl and boy bands – we bring them all to your stage and we guarantee a memorable performance. you can be assured that our artists will not only dress like the original, but above all their performance will make you feel like you are attending a concert of your musical idol.

no other live show will get your party rocking like ours and the show will get your staff party or trade fair event the number one theme for conversations for a very long time. **celebrate with your favorite stars!**
